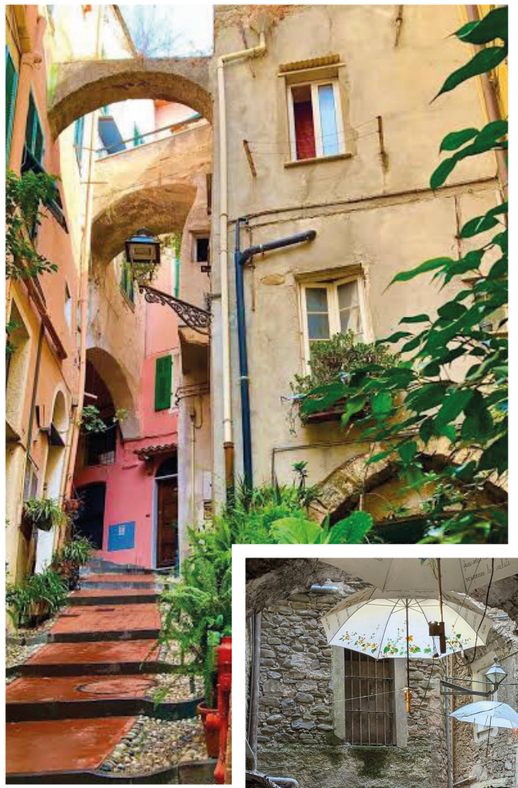
Sanremo's old town and Dolceacqua

Flavours and vineyards of the inland Riviera.



Begin with a guided exploration of Sanremo's old town, where the lanes of **La Pigna** climb between stone archways, small squares and closely gathered houses. Discover the fortress and the celebrated **Teatro Ariston**, introducing the city's relationship with the sea, music and Italian cultural life. An interior visit to the theatre may be arranged subject to its programme and availability.

In the afternoon, head inland to the charming village of **Dolceacqua**, where narrow medieval streets unfold around its graceful arched stone bridge. Enjoy time to soak up the village's atmosphere before visiting one of the local wineries for a tasting and an introduction to the wines of western Liguria. Discover Rossese, the area's signature red grape, grown on the hillsides surrounding Dolceacqua, and learn about Vermentino and Pigato, two white grape varieties typical of the Ligurian Riviera. A delightful way to round off the day, combining village charm with a taste of the region's winemaking traditions.

The Riviera by private boat

The Ligurian coast from a privileged perspective, between sea, cliffs and hidden coves.

Set out from Sanremo on a boat reserved for your party, watching the waterfront give way to stretches of coastline framed by hills and Mediterranean vegetation. The route towards **Balzi Rossi** offers a possible focus for the day, with its distinctive red cliffs marking the landscape near the French border.

The skipper will select the final route and any swimming stops according to sea conditions and local access requirements, leaving time to appreciate the changing colours of the coast and enjoy the Riviera at an unhurried pace.

Between sea, hills & riviera culture

Art, gardens and hillside landscapes along the Italian and French Riviera.

Choose a guided e-bike adventure between the coast and the inland hills, discovering how quickly the Riviera's landscape changes as the sea gives way to quieter roads and hillside villages. The route will be tailored to your interests and riding ability. Alternatively, explore **Bordighera Alta** on foot and visit Villa Mariani, subject to its opening arrangements.

For a botanical perspective, follow the coast to the **Hanbury Gardens**, where planted terraces and winding paths open onto views of the Mediterranean. Enjoy a guided visit before heading inland to **Apricale**, exploring the lanes, stairways and small squares that follow the contours of the hillside.

Another option is to cross the French border for a visit to Le **Corbusier's Cabanon** *in Roquebrune-Cap-Martin, discovering an intimate expression of modern architecture within the site's visitor programme. Alternatively, make art the focus of the day at Fondation Maeght in Saint-Paul-de-Vence, where collections, sculpture gardens and architecture form a shared setting for a visit with a dedicated guide, subject to booking.*
