

A Tuscan Gathering Blending Live Music, Wine & Cultural Discovery

for a Hosted Group Inspired by Two International Musicians

TUSCANY | OCTOBER 2025

Designed as a hosted group experience for travelers seeking authentic Tuscan lifestyle and cultural immersion, this multi-day journey combined Renaissance cities, countryside traditions, wine experiences, and shared culinary moments within a relaxed and convivial atmosphere.

Centered around the elegant setting of Relais Villa Olmo, the program blended private guided discoveries across Tuscany with local gastronomy, wine tastings, historic villages, and live music performances by the trip organizers — creating a highly personal and immersive travel experience inspired by connection, storytelling, and Italian hospitality.

RENAISSANCE CITIES & TUSCAN HERITAGE

Guests explored Florence, Lucca, Siena, and Monteriggioni through private guided tours, immersive cultural experiences, and authentic encounters with Tuscany's artistic and historical heritage.

TUSCAN FOOD, WINE & LIFESTYLE

The journey featured Chianti countryside dinners, wine tastings at Castello di Brolio, traditional trattorias, local tastings, and regional menus inspired by Tuscan culinary traditions and seasonal ingredients.

LIVE MUSIC & SHARED EXPERIENCES

A defining element of the experience was the presence of the trip organizers — professional musicians who performed live throughout the journey — creating a relaxed, convivial, and highly personal atmosphere for the group.

SEAMLESS HOSPITALITY & GROUP COORDINATION

Private transportation, multilingual guides, operational coordination, restaurant management, and dedicated guest assistance ensured a smooth and immersive experience throughout the itinerary.
